Vulcan Rinks Take Top Honors In Annual Foothills Competition

Cups Go To Loucks, Yoemans, Robinson, D. Graham and Spaeth

Final games in the annual Foothills Bouspiel, postponed because of the warm weather, were played off last week and complete results of the 'spiel are now available. All the five events were won by Vulcan rinks, with the Okotoks Cup going to Ken Loucks, the Nanton Cup to Clarence Yoemans, the Stavelly Cup to C. J. Robinson, the High River Cup to Del Graham and the Claresholm Cup to Howard Spaeth.

The Del Graham rink also won the Ontario Laundry Cup for the Grand Aggregate.

Distribute Many Poppies, Wreaths

Over five million poppies and 52,000 poppy wreaths in memory of Canada's dead in two world wars were distributed throughout the Dominion during the week of November 11th last, according to T. D. Anderson, General Secretary of the Canadian Legion.

At a meeting of the National Poppy Organizing Committee of the Legion held in Ottawa to consider plans for the 1950 campaign, it was disclosed from reports submitted by provincial committees that 500,000 more individual poppies and 11,000 more wreaths were sold in Canada in 1949 than in 1948.

The little scarlet emblems of remembrance which make their annual appearance on November 11th, are manufactured in "Veteran" shops operated by the Department of Veterans Affairs in Montreal, Toronto, Regina and Calgary, and by the Canadian Red Cross in Victoria. The work is done by veterans who are unable because of their disabilities to compete on the commercial market. Others, too handicapped to leave their homes, do the job propped up in bed. For many this is a year-round occupation paying them a living wage.

Apart from providing employment for such veterans the entire proceeds of the money contributed by the public for poppies is spent by local Legion branches for relief of needy ex-servicemen, widows and orphans of deceased veterans, in cases where Government assistance for various reasons cannot be given.

Reid Hill H & S Plans Card Parties

The March meeting of the Reid Hill Home and School Association was held March 1, with a splendid attendance. Mrs. Thomas, the president, was in the chair and Mrs. Ernie Bowler, the secretary assisted her.

Among business matters discussed was that of further card parties and it was decided to hold one on March 15 and another on March 29, at the school.

The landscape committee reported that Ed Roebuck had offered to donate trees to beautify the school grounds in the spring. The finance committee announced that a "white elephant" sale would be held at the next meeting.

Following the business session the meeting was turned over to the male members of the Association, who very ably demonstrated their ability to present an interesting and original social period, and also served a much-enjoyed lunch.

Fascism was first developed under Benito Mussolini.

U.N. Drafts Traffic Convention

Tackling world road traffic problems, a U.N. conference has agreed on an international road traffic convention which eventually would help motorists in all countries. The convention suggests the adoption of a simplified international driving permit which would be honored everywhere. The above exhibit of driving permits issued by 40 countries shows the necessity of reaching some form of simplification and greater uniformity in driving permit requirements.

Blood Transfusion Service "Great Health Venture"

Red Cross blood today flows in the veins of more than 100,000 Canadian civilians who have been transfused with free blood or plasma since the beginning of the national Blood Transfusion Service 1947.

More than 173,000 Canadians, in this peacetime period, have given one or more donations of their own blood that their friends and neighbors and strangers they have never seen might have a better chance for life.

This is heartening record of the Canadian Red Cross Society's Blood Transfusion Service as announced by Dr. W. S. Stanbury, national director, in the second week of the Society's annual appeal for \$5,000,000.

Canada's Governor-General has characterized this service, now operating in eight provinces and soon to be extended, as "one of the greatest health ventures ever undertaken by a voluntary organization."

In the first 10 months of 1949 alone, 50,000 patients in Canadian hospitals received free transfusions of whole blood or plasma, Dr. Stanbury said.

"More than 83,000 bottles of blood or plasma were collected at 801 clinics in the same period. It takes approximately three bottles of whole blood to make one bottle of dried plasma, which is used mainly in cases of severe shock and burns."

Nearly 770,000 clinical Rh tests have been conducted by Red Cross since 1947, insuring that hundreds of new-born babies, among others, get a new lease on life, he reported.

The Red Cross Rh ante-natal investigation service is greatly appreciated by the medical profession, judging from the increased use of Rh clinical tests and the number of requests from physicians for consultative advice from Red Cross medical officers.

Another advantage of blood transfusion therapy, he pointed out is that it shortens the period of hospitalization, increasing hospital capacity and reducing the cost of hospital care.

The service, first begun in British Columbia and Alberta in 1947, now operates in Nova Scotia, Prince Edward Island, New Brunswick, Manitoba and portions of Ontario and Quebec.

For maintaining and expanding this life-giving service, Red Cross has budgeted for \$1,831,603 of its \$5,000,000 campaign in 1950.

School News

Dr. Ball of the Foothills Health Unit visited the school on Tuesday when he finished immunizing the last four pupils. He will be conducting physical examinations of pupils in Grades 1 to 3 in the near future.

Milton Seales, who has been a student at the Vulcan school for a number of years, has quit school and is now working at Scales Motors. Milton, a Grade 11 student will be missed by his teachers and classmates.

John Howard Brown of Grade 1 has registered as a pupil in Mrs. Schierman's class.

On Friday, March 2, the Grade 9 class were hosts to the 10 to 12 group. The much appreciated program took the form of a black-face minstrel show with Johnny Hunter as the able master of ceremonies.

J. H. Leyland, with the Superintendent of Insurance and Fire Commissioner's Office in Edmonton, visited the brick school on Friday afternoon. In addition to inspecting the premises he showed three pictures to Grades 5 to 12, all dealing with fire prevention. A fire drill was conducted while he was there and the building was evacuated in 45 seconds.

Grades 5 to 8 were very pleasantly surprised on Wednesday afternoon when Mr. U. B. Gingrich of Mazeppa and Mr. H. Jacobson of Okotoks called at the school and presented each of this group with a beautiful pocket-sized New Testament on behalf of the Gideons, a Society of the Christian Commercial Travellers. The two men are members of the Calgary Camp of the Gideons and Mr. Jacobson is the father of a young missionary who is at present in Nigeria at a mission school. Two years ago this young missionary gave as a very interesting talk on the colored people of Nigeria.

Girls Club Hears Conference Report

The Busy Bees Girls Club met on Saturday, March 11, in the Kirkcaldy school with fourteen members and five visitors present. Miss Jean Anderson presided over the meeting.

Miss Ruth Beingsnesser gave a report on the Girl Club conference held at Lethbridge on March 4.

The girls worked on their handicraft for the rest of the afternoon.

The next meeting will be held on April 1 in the Kirkcaldy school.

Gov't May Widen Accident Benefits

Provincial government officials have intimated that the \$1 annual fee imposed on motorists for unsatisfied judgment fund under the Motor Vehicles Accident Indemnity Act will not be suspended this year.

Instead, it is reported that the government will provide wider benefits under the act, particularly as there now is a surplus in the fund of more than \$400,000.

When the operations of the act were investigated in 1948 by a special committee of the legislature, it recommended that the amount in the fund should at no time exceed \$250,000. The excess now is \$150,000.

The Alberta Motor Association at its last annual meeting passed a resolution urging that benefits under this act should be widened. In all fairness, this step should be taken.

The A.M.A. also has discussed with the government the need of suspending this annual impost on motorists, in view of the large surplus in the fund.

Government officials also have indicated that in view of the large surplus in the fund, some consideration may be given to adopting a system of drivers' tests.

Quality Seed For Quality Crops

A good starting point for crop quality improvement is to sow pure seed of those varieties that have proved suitable for the areas where the crop is to be grown. The grower who purchases Registered or Certified seed is getting the highest grade of seed obtainable in Canada. Registered seed contains less than one major off-type plant per 10,000 plants, while certified seed may only have one off-type plant in every 1,000 plants. These high grade seeds are sold only in sealed containers with official tags bearing the grade and variety name. This is the purveyor's guarantee that the seed he has obtained comes up to the stringent standards for grades as set forth by the Canadian Seed Growers' Association and the Plant Products Division, Department of Agriculture, Ottawa.

There are numerous advantages from using high quality seed. It assures highest grades possible, since the use of pure seed has eliminated the off-grades impure seed might bring. Uniform maturity, too, is assured—a matter of considerable importance with the increasing use of combine harvesting for many crops. And the possibility of increasing weeds is reduced to a minimum because of the almost complete absence of weed seeds in this high quality seed.

Embezzlers have been found to have the highest intelligence of any class of criminals.

Wolfe Rink Wins Primary In Annual Legion 'Spiel

Percy Clark Rink Wins Consolation; 29 Rinks Entered

The third annual Canadian Legion Bouspiel, held Wednesday, March 8, was very successful, with 29 rinks entered. Arrangements were in charge of Harris Matlock, Sports officer of the local Legion branch, and the weather was such that ice conditions were perfect.

Winner of the primary event was the John Wolfe Sr. rink, with H. W. Matlock's rink placing second, Earl Patriquin third, and Frank Fletcher fourth.

Personnel of the winning rinks was as follows:

1—John Wolfe Sr., skip; Roger Middleton, Stuart Campbell, Dave Brooks. Their prizes were cigarette lighters.

2—Harris Matlock, skip; Carson McKay, Ian Smith, C. H. Matlock. Their prizes were sets of Pyrex ware.

3—Earl Patriquin, skip; Chester Rea; Bruce Gonyea, Les Ruark. Their prizes were pocket watches.

4—Frank Fletcher, skip; Tom Bogner, H. Mitchell, Tom Patterson. Their prizes were belts.

Consolation Event

The consolation event was won by Percy Clark's rink, with the Joe Collier rink placing second, the Cameron Middleton rink third and Earl Erickson's rink fourth.

Personnel of the winning rinks: 1—Percy Clark, skip; Mart Jose, Dave Gonyea, W. Speers. Their prizes were watches.

2—G. C. Collier, skip; Clark Gordon, Art Hansen, O. Lerohl. Their prizes were pens.

3—Cameron Middleton, skip; Dick Anderson, Andy Knive, Roy McIntyre. Prizes were flashlights.

4—Earl Erickson, skip; Del Thomas, Reg Jeffers, Jack Willard. Their prizes were knives.

Redman and Saunders Wheat

(By H.G.L. Strange)

Farmers are enquiring about the new rust-resistant wheats—REDMAN AND SAUNDERS—which are now available for farmers use. REDMAN was made by the Dominion Laboratory of Cereal Breeding, Winnipeg. It is a cross between Regent and Canus. It is resistant to stem rust, bunt and black chaff and moderately resistant to leaf rust. Redman matures about one day earlier than Thatcher and in some areas gives a yield higher than Thatcher. SAUNDERS was made at the Central Experimental Farm, Ottawa. It is a cross between Thatcher and a selection named 44-7. Saunders matures two days earlier than Thatcher and three days earlier than Red Bobs. In most places Saunders yields higher than Red Bobs, which will be degraded to No. 3 Northern on August 1st, 1951. These new varieties, of course, are likely to behave differently in different districts. It would, therefore, be a good plan for farmers who wish to try out these new varieties to buy a small quantity of either Redman or Saunders and sow it under the same conditions as the variety they are now growing. Then farmers can see with their own eyes which would be best for them to use in the future.

Old Time Resident Of Vulcan Dies

Funeral services were held from the Vulcan United Church on March 11 for Mrs. Margaret Hutton, 63, who passed away March 8 after a brief illness.

Mrs. Hutton was born in Windsor, Nova Scotia. She married John Hutton in 1904 and came to the Vulcan and Nanton district 42 years ago, making her home here since that time.

She was a member of the Good Deeds Women's Institute.

Surviving are her husband; one son, George; one sister, Mrs. Cleveland of Canandaigua, N.Y.; five grandchildren and one great-grandchild.

Rev. O. H. Rollis officiated at the service and pall-bearers were William Wylie, Allan Fisher, H. E. Pearce, E. Larsen, Tom Jensen and George Pearce, all of Vulcan.

Arrangements were in charge of the Snodgrass Funeral Home and interment was made in the Vulcan cemetery.

Brant Scout Rinks Defeat Vulcan

Members of the Brant and Vulcan Scout Troops enjoyed an afternoon of curling at the Vulcan rink recently.

The excitement of the afternoon was supplied by rinks skipped by Patrol Leader Billy Jensen of Brant and Patrol Leader Ron Northcott of Vulcan. Billy Jensen's rink came from behind to tie Northcott 8-8 and in the 11th end the Jensen rink found the marker for two more points to win 10-8. Patrol Leader Allan Fletcher defeated Patrol Leader Ralph Buehler to win 13-3.

Following the games the Vulcan Scout Mothers Auxiliary served refreshments for the rinks.

The rinks were as follows: Billy Jensen, skip; Ken Auld, third; Clifford Anderson, second; Joe Druhal, lead.

Ralph Buehler, skip; John Hunter, third; Bill Hansell, second; Warren Roebuck, lead.

Allan Fletcher, skip; Gordon Prusky, third; Alton Parker, second; Ken Hamilton, lead.

Ron Northcott, skip; Douglas Nault, third; Michael Jantzie, second; Peter Wiersma, lead.

same conditions as the variety they are now growing. Then farmers can see with their own eyes which would be best for them to use in the future.

FATHER OF LOCAL RESIDENTS DIES

Richard Nolan, aged 70, father of William Nolan and Mrs. E. A. Campbell of Vulcan, died on Sunday, March 12, at his home at Amyst, Alberta.

Mr. and Mrs. Campbell, Mr. W. Nolan and Donald Campbell left for Amyst early in the week to attend the funeral services.

Carmangay

Loren Roemmele and Bud Moore were business visitors in Calgary on Tuesday.

Mr. and Mrs. Marvin Anderson entertained their many friends at a wedding dance on Tuesday evening in the Community Hall. A big crowd was in attendance and a wonderful time had by all.

The annual Carmangay Bonspiel was started on Thursday with 32 rinks entered: three rinks from Champion, seven from Barons and the rest local rinks.

Several badminton players from Carmangay took part in the badminton tournament at Barons on Sunday. Mr. Hutcheon won the trophy in the men's singles in the primary event.

Roy Craig was a Calgary visitor at the home of his mother for several days.

Mrs. J. M. Nelson was a guest at the home of Mrs. Folk of Strathmore for several days.

Mrs. Rena Burns was a Lethbridge visitor on Saturday.

Mr. and Mrs. Manning Burke returned to their home at Delacour on Sunday. They reported very slippery roads.

Dalton McDougall was a Calgary visitor over the weekend.

Mrs. Annie Roemmele received word that her sister-in-law, Mrs. Mrs. Ernest Foster of Melbourne, Ont., formerly of Carmangay, had passed away on Tuesday, Mar. 17.

Mr. and Mrs. Roy Craig were business visitors in Claresholm on Thursday.

Mr. and Mrs. Gilbert McGinnis were Sunday visitors at the home

of Mr. and Mrs. Elmer Plourd of Vulcan.

Mr. and Mrs. Bob Hubka were Lethbridge visitors on Monday.

Mr. and Mrs. G. H. Nelson were visitors at the home of Mr. and Mrs. Herman Stettner of Namaka on Wednesday and Thursday.

Mrs. Carrie Davies, who has been a patient in the hospital, returned home on Friday.

Mr. and Mrs. Gilbert McGinnis, Mr. and Mrs. John McFarland and Mr. and Mrs. M. Batycky attended the Eastern Star dance in Lethbridge on Friday.

Several ladies from Carmangay attended the evening for the Worthy Grand Matron at Vulcan on Wednesday night.

Mr. and Mrs. Walter Crowe of Medicine Hat were Sunday visitors at the home of Mr. and Mrs. Roy Craig.

The West Country Women's Club met at the home of Mrs. Marj McFarland on Wednesday with a large attendance. A very busy meeting was held. March of Dimes envelopes were distributed.

Mrs. Gladys McGinnis was appointed representative to the hospital auxiliary. The next meeting will be held at the home of Rosella Hubka with Mrs. McFarland assisting. All members are to bring a jar of home canning, which will be sent to the Wood's Home at Easter time. Mrs. Binning won the raffle. Plans were made to entertain the husbands on March 14 at the Burwash hall. The hostess assisted by Mrs. Beulah Hubka a most delicious lunch.

The Hospital Auxiliary meeting was held this week in the Town Office with twenty in attendance. There are now sixteen paid-up members. A report on the card party was given, showing a sum of \$38.30 cleared. Mrs. C. Stettner was asked to write for the Cancer Film which will be shown previous to the Cancer Drive. Each member was asked to bring one new member to the next meeting. Supplies were ordered for the operating room. The Felicity Club turned in sewing for the maternity ward.

Members of the Home and School met in the school on Tues-

day for their March meeting, to discuss the resolutions which the delegate was to take to the convention at Olds. A resolution was also drawn up with regards to a new school in Carmangay, to be sent to the Macleod Scholl Division. A social hour was spent in the playing of "Cootie." Lunch was then served.

Carmangay householders should sign the petition for the installation of natural gas service in the towns on the Vulcan-Blackie line. This would be a great asset to the town.

Carmangay has a new coffee counter, which has opened up in the old telephone office.

Visit of Eastern Star Official

The Worthy Grand Matron, Sister J. Thompson, paid her official visit to Heather Chapter on March 6. The members entertained at a banquet in the Grange Hotel prior to the business meeting at the Masonic Hall.

Visitors included the Worthy Matron, Sister Vesla, Anderson of Champion Chapter and a number of members, also members from Claresholm and Foremost chapters and Sister Chapter, Picture Butte. Sister Stella Atkin, W.M., conducted the meeting. The evening concluded with lunch, at which W.P. Bro. Whitmarsh acted as toastmaster. The refreshment committee was under the convener ship of Th. Associate Matron, Sister Hilda Lyckman.

TRACTORS CAN BE FIRE HAZARDS

Experience among fire insurance officials goes to show that the farm tractor—a great labour-saving device, can also be a number one fire hazard, if treated too casually. Farm tractors are designed so that the chance of fire is reduced to a minimum, but experts point out that, unless the machine is kept in good running order, and is operated on a safety first plan it can be, and is, the cause of many farm fires.

In keeping the tractor well serviced, the important items are gasoline lines, carburetors and the ignition system. Trouble rarely comes suddenly and there are usually warnings of defects which can be detected in advance.

If the tractor needs repairing, under no circumstances should this be done in any building where fire could do extensive damage. Distance is the greatest protection and the cheapest. A minimum distance should be 80 feet from any main building. Flaming gasoline spreads rapidly.

Combustible material in and around a tractor can be a serious fire hazard. Chaff can accumulate on the engine, pile up on the muffler or get sufficiently in contact with heated parts to cause a flash fire to start.

And say the experts, tractors being driven around farm buildings should be handled with the same care and good judgment given to driving a car on a crowded highway. There may be no rules of the farm—as there are of the highway—but the slightest accident, if flaming gasoline is involved—can cause a disastrous fire.

NEW 50 CENT STAMP

DEPICTS ALBERTA'S OIL

A new 50 cent stamp designed to recognize Alberta's booming oil industry, will appear on March 1st, and is a tribute to Alberta's share in the overall Canadian economy.

The new stamp is green in color and the same size as the current 50 cent stamp. The design depicts an Alberta oil field scene, with two large derricks jutting into the sky, with two oil storage tanks and a natural gas flare burning in the background.

Also in the background a dark spume of oil and smoke denotes the birth of a new well.

BUYERS' CAR MARKET AT LAST

The automobile business, one of the last two strong holdouts against the general trend toward a buyers' market (steel is the other) is finally showing signs of giving in, reports The Financial Post.

Supply is catching up fast with demand. In some cases, it has caught up and you can get immediate delivery. Prices are going down. Used-car prices are already down anywhere from 25%-40% from last fall but are expected to firm by spring. Trade-in allowances are higher. Almost brand new cars in some lines can be bought at \$200 discount on Toronto used-car lots.
